- n. PNP Command Memorandum Circular No. 27-2019 dated August 22, 2019, "Operationalization on the Executive Order No. 70 NTF-ELCAC".

2. RATIONALE:

This MC is conceptualized to revitalize the active support of the Philippine National Police (PNP) to the Armed Forces of the Philippines (AFP) in Internal Security Operations (ISO) for the suppression of insurgency and other serious threats to national security. It is also to prepare the PNP for the turnover of ISO from the AFP through the implementation of the program *Revitalized-Pulis sa Barangay* (R-PSB) with the mission to sustain the gains of the Community Support Program of the AFP and the Retooled Community Support Program of the LGUs; prevent the resurgence of insurgency; insulate unaffected communities from the recovery efforts of the Communist Terrorist Group (CTG); and strengthen the anti-criminality campaign across the country.

3. SITUATION:

In 2011, the PNP conceptualized the program *Pulis Nyo Po sa Barangay* as an addendum activity to LOI 22/09 Bayanihan otherwise known as Barangay Peacekeeping Operations, as amended by PNP MC No. 2015-009 'Barangayanihan' (Revitalized Barangay Peacekeeping Operations). The program entails the need to assign one policeman in every barangay to serve as conduit between the community and the PNP to pursue an effective police-community partnership in support to a sustained barangay-based anti-crime strategy.

In 2018, EO No. 70 was issued, institutionalizing the whole-of-nation approach and creating the National Task Force to End Local Communist Armed Conflict (NTF-ELCAC). Through the said executive order, the government sought to synergize various agencies and sectors to establish a synchronized approach in addressing the root causes of insurgency and armed conflict.

In 2019, Police Regional Office 11 modified and strengthened the program *Pulis Nyo Po sa Barangay* into an expanded program called *Revitalized-Pulis sa Barangay* (R-PSB) as its effort to support the NTF-ELCAC. The R-PSB program has been successful in supporting the AFP and other government agencies in defeating the CTG in Davao region leading to the collapse of 15 guerilla fronts in the said area in 2022. The R-PSB cadres remain steadfast and are now playing a major role in sustaining the gains of the government in the Geographically Isolated and Disadvantaged Areas (GIDAs) and had prevented the resurgence of insurgency in the region. To this date, no barangay in PRO 11 was recovered by the CTG as the communities were successfully insulated by the R-PSB from propaganda and recruitment activities of the enemy.

Despite this, the threats posed by the CTG nationwide remain a priority of concern of the government. Their recovery efforts and presence in the communities also demand an intensified whole-of-nation approach to counter the CTG pseudo-governments, especially those established in the GIDAs.

deployed with R-PSB cadres in collaboration with the JPSCC and the Peace and Order Council (POC). Likewise, barangays without BDP may also be deployed with R-PSB in agreement and/or in conformity with the JPSCC and POC with the support of the AFP.

Second Operational Cycle is the **TRAINING PHASE**. The training aims to transform the R-PSB personnel into skilled cadres to win the hearts and minds of the community and counter the propaganda of the enemy.

The Program of Instructions (POI) has ten modules that can be completed in 15 days. These modules include Course Overview and General Subject, Introduction to Police Intelligence, Knowing the Enemy, Community Organization and Mobilization, Orientation from NTF-ELCAC Cluster Agencies, Lessons Learned and Best Practices of R-PSB, Information Operations, Community Engagement and Empowerment, Basic Life Support Training, and Results-Based Management.

Module 5 of the training is the most important phase as LGUs and different National Government Agencies such as from the Department of Labor and Employment, Department of Agriculture, Department of Agrarian Reform, Department of Social Welfare and Development, Department of Education, Technical Education and Skills Development Authority, Land Transportation Office, Philippine Health Insurance Corporation, Philippine Statistics Authority, National Commission on Indigenous Peoples, Department of Justice, Office of the Presidential Adviser on the Peace Process and others are invited to give lectures relative to the services of their respective agencies.

Third Operational Cycle is the **HOLDING OPERATIONS**. R-PSB Teams are deployed in the CTG-cleared areas in collaboration with the JPSCC and POC as declared by the Joint AFP-PNP Intelligence Committee and Area Clearing Validation Board. In this cycle, the overlapping **SHAPE-CLEAR-TRANSFORM-SUSTAIN (S-C-T-S)** Operational Methodology will be applied throughout the holding operations.

The fourth Operational Cycle is the **MONITORING AND EVALUATION**. This involves monitoring of the progress of the R-PSB by weekly and/or monthly summing-up activities to evaluate the performance of the R-PSB teams. The Team Leaders shall conduct report on the status of their programs as well as the issues of their respective barangays where they are immersed.

Likewise, the heads of the LGUs or their representatives, AFP, as well as NGAs, NGOs and other stakeholders are invited to join the summing-up activities to give advice, recommendations, and solutions on the presented issues by the R-PSB. With this, the whole-of-nation approach in addressing issues in the GIDAs will work effectively.
